

5th National conference of Indian Society of Primary Immune Deficiency

Theme: Autoinflammation and Autoimmunity

March 6-7, 2021

Organized by

Department of Clinical Immunology & Rheumatology
Sanjay Gandhi Postgraduate Institute of Medical Sciences

Department of Pediatrics
King George Medical University, Lucknow

ISPID

Indian Society for Primary Immune Deficiency

in collaboration with

Federation of Primary Immunodeficiency Diseases

We welcome you to come and enjoy the fun of clinical Immunology and what immunodeficiency diseases have taught us. The field of PIDs is growing at rapid pace due to advances in genomics and Immunology.

The focus of this meeting is autoinflammation and autoimmunity in PIDs. The meeting should interest postgraduates in Pediatrics and Medicine, fellows in clinical Immunology and Rheumatology, basic scientists in Immunology besides the members of the ISPID.

**The meeting was to be held in the sprawling green campus of SGPGI, Lucknow however due to COVID 19 pandemic we have to have it in a virtual mode. However that has helped us get the Doyens in the field for the meeting. Please block the dates
Come join us.**

Amita Aggarwal

5th National conference of Indian Society of Primary Immune Deficiency

Theme: Autoinflammation and Autoimmunity

March 6-7, 2021

Saturday March 6, 2021 (Autoinflammation symposium)

| | | |
|--------------|---|--|
| 4.45-5.00 PM | Inauguration | |
| 5.00-5.30 PM | Auto-inflammatory diseases: Euro fever experience | Marco Gattarno, Professor, Dipartimento di Pediatria IRCCS Istituto G. Gaslini - Ospedale Pediatrico Via Gerolamo Genoa, Italy |
| 5.30-6.30 PM | Case presentations by students | Judges: Anju Gupta, PGIMER Chandigarh Ambreen Pandrowala, Wadia Children Hospital, Mumbai |
| 6.30-7.00 PM | The expanding spectrum of interferonopathies and novel insights into their pathogenesis | Raphaela Goldbach-Mansky, Senior Investigator, Chief, Translational Autoinflammatory Diseases Section, NIAID, NIH, USA |
| 7.00-7.30 PM | Hemophagocytic lymphohistiocytosis | Michael Jordan, Member, Division of BMT and Immune Deficiency, Member, Division of Immunobiology, Professor, UC Department of Pediatrics, Cincinnati Children's hospital, USA |
| 7.30-8.00 PM | Therapy: How understanding the genetic basis has improved outcomes | Hal Hoffman, professor of Pediatrics and Medicine and Chief of the Division of Allergy, Immunology and Rheumatology in the Department of Pediatrics at UC San Diego/Rady Children's Hospital |

Sunday, March 7, 2021 (9.00-12.00) (Autoimmunity and PID)

| | | |
|----------------|---|--|
| 9.00-9.30 AM | Immune dysregulation and autoimmunity | Troy Torgerson, Director of Experimental Immunology at the Allen Institute for Immunology Seattle |
| 9.30-10.00 AM | Immune cytopenias in PID | Mukesh Desai, Chief, Immunology division, Wadia Children's hospital, Mumbai |
| 10.00-11.00 AM | 6 free paper | Judges: Manisha Madkikar, Biman Saikia |
| 11.00-11.30 AM | VUS in PID: How to move forward to prove pathogenicity? | Vinod Scaria, Scientist, Institute of Genomics and integrative Biology, Delhi |
| 11.30-12.00 AM | Looking for PID in common autoimmune rheumatic diseases | Surjit Singh, Professor & Head, Department of Pediatrics, Advanced Pediatrics center, PGIMER, Chandigarh |

Sunday, March 7, 2021 (2.00-5.00 PM) (Basic introduction to PID for postgraduates)

| | | |
|--------------|--|--|
